DEERINGS WILL TOUR HAWAII IN AUTO

Mr. and Mrs. C. W. C. Deering, accompanied by Prince and Princess Kawananakoa, leave on the Kinau today for Hawaii. The Deerings' big motor-car will be taken on the steamer and landed at Hilo, whence the party will make the tour of Hawaii.

The roads about Hawaii are in fairly good condition for motor touring, with the exception of a bad stretch between Glenwood and the Volcano House, and from the Volcano House for a few miles into the Kau district. The remainder of the trip will be easily accomplished with the Deerings' big, well-balanced machine.

GRAND ARMY CAMP- FIRE BEING PLANNED

Arrangements are being made by the members of the George W. De Long Post, Grand Army of the Republic, to hold their annual camp fire some time next week at the Odd Fellows' hall. In former years one of the great events each year was the real old-time camp fire of the post held at deceased Comrade Wright's residence, off Sheridan street. A program with numerous speakers who will respond to toasts is being arranged.

EVERYBODY WANTS HAWAIIAN STAMPS

A large percentage of the letters which are received by the Hawaii Promotion Committee have references to the stamp craze. After seriously talking of Hawaii and the chances for outsiders to come here and earn a living or invest capital, the writer will turn his or her attention to an inquiry for Hawaiian stamps.

Often times the writer will enclose a sheet of stamps, for instance, Australia, and request certain denominations of Hawaiian stamps to be sent in exchange. The desire to obtain Hawaiian stamps seems unlimited and the writers make all kinds of propositions to obtain them.

One young lady said she would send cancelled United States stamps for similar denominations of the old local issues.

Eyes Examined

There is no calling where accuracy and skill are more in demand than that of the optician. One familiar with the construction of the eye knows that there are many eye-defects which can not be accurately estimated or corrected by the use of test letters and cards alone.

For this reason we use, in our eye examinations, the several different methods that long experience has taught us bring best results.
